

Talia Kip Berler

New York, NY • (305) 710 2434 • taliakberler@gmail.com • [in/talia-berler](https://in.talia-berler)

Education

University of Miami – M.Sc. Data Science: Smart Cities & GIS Coral Gables, FL
Award of Academic Merit | GPA 4.00 / 4.00 May 2026
University of Miami – B.Sc. Computer Science Coral Gables, FL
Magna Cum Laude | GPA 3.96 / 4.00 December 2024
Relevant Coursework: Geospatial Analysis, Network Analysis, Data Visualization, Database Systems

Technical Skills

Languages & Libraries: Python, R, SQL, GeoPandas, JavaScript, NumPy
Tools & Cloud: ESRI Product Suite, Tableau, Carto, PowerBI, Excel, Asana, Git/GitHub, Azure, Docker

Experience

Climate Resilience Institute Coral Gables, FL
Research Associate @ Resilience Finance Lab June 2026 - Present

- Leading design and build Resilience Finance Repository and Knowledge Graph, an AI-enriched literature collection and visualization, tracking climate resilience investments across the full value chain of resilience interventions to support evidence-based financing and funding decisions.
- Supporting the launch of the Resilience Finance Lab, a Climate Resilience Institute initiative connecting resilience practice to capital allocation: coordinated on-site logistics for a 50-attendee working session and compiled presentation materials for a diverse audience of attendees.

Graduate Resilience Intern August 2025 - May 2026

- Coordinated main-stage operations for Resilience 365 conference, managing run-of-show and on-site logistics for 350+ attendees and 90+ industry-leading speakers, ensuring attendee and speaker satisfaction with superb organizational and communication skills.

Miami Law & AI (MILA) Lab Coral Gables, FL
ClassInsight Project Lead July 2024 - May 2026

- Owned project management of a small team developing ClassInsight, an LLM-based real-time classroom-feedback application, from conception, through prototype, beta release, and preparation of open-source release
- Led multiple demos of ClassInsight for 25+ educators and 150+ law students to gather user feedback and advance AI literacy and adoption among UM faculty and students.

Moffitt Cancer Center, Lab Valdes Tampa, FL
Data Science Research Trainee May 2025 - November 2025

- Led data collection strategy for a B2B health-tech SaaS, managing a small team in sourcing and extracting clinical guideline text, increasing data volume by 67%.
- Spear-headed evaluation of 6+ state-of-the-art retrieval algorithms across 1M+ medical text records and built benchmark medical Q&A datasets using LLM inference to optimize performance of a clinical RAG system for an AI-oncology platform.
- Developed an ML classification pipeline using TF-IDF features and logistic-regression to apply cancer-type labeling to the largest publicly available annotated clinical text dataset with 82% accuracy.

Honors, & Certifications

Honors: Phi Beta Kappa (2025); Shortlisted Finalist, AIREA Competition, Hong Kong (2025); President's, Provost's, and Dean's Lists (2022–2024).

Certifications: GIS for Climate Action (ESRI, 2026); IBM Data Science Practitioner (2025); IBM Enterprise Design Thinking Practitioner (2025).

Languages: English (native); Spanish (proficient).
